

Sylvia Crystal Morera Kerr

Licensed Esthetician and Certified Nail Technician / 7 years' experience

Sylvia believes in the power of nature's healing elements infused with modern day technology to create the most effective treatments. She takes pride in helping others achieve their goals in the health and beauty of their skin and nails. Her love and passion keeps her standards of professionalism for the beauty industry kept high and maintained through professional education and training.

Sylvia began her career in the beauty industry as a spa manager while in school to become a certified nail technician. At that time she fell in love with the health and beauty industry and decided to continue her education in esthetics.

Nail care is what planted the seed for Sylvia's career. Having a love for the arts, Sylvia believes nail care is an artistry on its own. Meeting so many different people, building relationships, the art in painting, and the smoothing finishing touches from relief of ingrown nails to the relaxing massage, are all aspects that drive her to do her best.

Sylvia's passion for skin care stems from her own personal experience of receiving esthetic care. Having suffered with acne herself, as a child and an adult, she truly understands the importance of healthy skin and how it affects your life. Knowing the true benefits of skin care from acne to anti-aging, to preserving and caring for the most sensitive skin types, and how it helps you on a personal and motivated level, is what keeps Sylvia deeply rooted in this field.
